**Mixed Gender:** The host seeks an exemption from the requirement to swim events in gender-separated events, on the following basis:

Due to facility or time limitations, swimming separated by gender would not permit all swims to be completed while offering reasonable opportunities to swim for all participants, and in particular on an equitable basis for swimmers of each gender.

Mixed gender swims may also be permitted when, due to a missed swim, it is necessary for a referee to seed a swimmer in a heat of the same or shorter distance, for competitors of the opposite gender, on an exception basis.

In spite of this rule, any swimmer who achieves a record time at any level (regional, provincial, national etc, whether age group or open) will not be recognized for that record unless the coach has advised the referee prior to the start of the session that there is a possibility of the record being broken, and the referee insures that the swimmer competes with competitors of the same gender for his/her heat.

In the event that mixed gender swims are permitted pursuant to this policy, the results must still be posted separately by the gender of swimmers.
